Dear Child Care Provider,

This letter is in regards to the January 14, 2015 compliance check of your Level A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home.

The following areas were out of compliance at the time of my visit:

- ☐ 110.5(1)k Fire and tornado drills are practiced monthly and documentation kept. *In 2014, provider completed drills from January 2014 to August 2014. Provider needs to complete monthly fire and tornado drills and document them.*
- ☐ 110.5(1)n Each smoke detector is tested monthly, and a record is kept for inspection purposes. *In 2014, provider documented checking alarms from January 2014 to August 2014. Provider needs to check alarms monthly and document this on form.*
- ☐ 110.5(1)q All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites. *Provider reports they are completed but could not find forms during compliance check. Provider will obtain Vet Exams on new DHS form in the next 45 days.*

110.5(2) A provider file is maintained and contains:

- ☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. *Provider did not have physical for self on file. Please make sure to use the new DHS Provider Physical Exam form. Provider can obtain from the CCRR website or local CCRR representative.*

110.5(2)d An individual file is maintained for each substitute and contains:

- ☐ 110.5(2)d Certification in infant and child first aid that includes mouth-to-mouth resuscitation. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR. *Taylor does not have her CPR/First Aid. Provider reports she does not allow her to watch the children alone and will not allow her to watch the children alone until she completes CPR/First Aid and has in file.*

110.5(8) Children's Files

☐ 110.5(8) An individual file is maintained for each child and updated annually or when there are changes. *Provider has 9 children enrolled. There were 5 children present during compliance check. Please make sure to update every form in the child's file every year.*

Each file contains:

☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually. *2 out of 9 children were missing updated statement of health forms. Provider will obtain in the next 45 days.*

110.8(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "A" *The provider was not over numbers at the time of the visit. This is included as a reminder to provider regarding how many children she can care for.*

110.8(1)a Not more than six preschool children present at any one time including infants.

110.8(1)a Of these six children, not more than four children who are 24 months of age or younger are present at any one time.

110.8(1)a Of the four children under 24 months of age, no more than three may be 18 months of age or younger.

110.8(1)a Not more than two additional school-age children for less than two hours at any one time.

110.8(1)a Not more than eight children present when the emergency school closing exception is in effect.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☐ Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.
